OBJECTIVE

To look for an exciting opportunity to work for a company that will push me to reach my goals and profit from my sharp knowledge, updated skill sets, and amplified tactics. An authorized developer of mobile applications covering the newest technology and the most difficult combo, such as Flutter, Firebase and Hive Database

EDUCATION

B.TECH, Shri Ramswaroop Memorial College Of Engineering And Management Relevant Coursework: Information Technology.

2020 - 2024

XII (CBSE), Sunbeam School Varuna

2019 - 2020

SKILLS

Technical Skills

Flutter, Firebase, Python, C++

Soft Skills

Problem-solving, Leadership, Critical Thinking, Time Management

EXPERIENCE

Python Developer Intern

Jun 2023 - Aug 2023

IIT Bombay(Techgyan)

• Worked with the Python GUI library tKinter and PyCharm (IDE) to discover how to link MySQL databases to Python programs.

Cloud Computing Intern

Oct 2022 - Nov 2022

IBM

- Worked on technologies like Chatbot and created using API's.
- Gained knowledge of using the IMB Cloud Platform's cloud environment.

PROJECTS

Habit Tracker Applying Flutter I utilized the Hive database to store the data for my habit tracker app. We may add and track new routines and completed daily habits with this software. In addition used a heat map to display the day on which activity is higher

CryptoShield Developing functional prototypes used by encryption-based password generator and storage application (CryptoShield). Implemented security and encryption algorithms to protect user credentials

Authentication App Flutter was used as the front end and Firebase as the back end to develop a login page For a more secure and convenient login, I have integrated the Firebase authentication mechanism into this project.

EXTRA-CURRICULAR ACTIVITIES

- Coordinator At Chess Club(2023): Organized college event and AKTU Zonal
- Assitant Coordinator At Grobots Club(2022): Organized Tech Fest like GANTAVYA and conducted session for 20+ colleges on technologies like RC, Bots and Drones

CERTIFICATIONS

- Essentials in Generative AI by Microsoft and LinkedIn
- Developer and Technology Virtual Experience Program(Accenture)
- AWS Educate Introduction to Cloud 101
- Network Defense Essentials (NDE), EC-Council
